WORK EXPERIENCE

Tree company — FULL-STACK DEVELOPER

February 2026 - August 2026 (fixed-term contract)

- Maintenance and further development of Smartvote, an online voting advice application for the Swiss market (Ruby on Rails).
- Development of Discuss-it, an internal platform for comment moderation and voting.
- Independently delivered features and fixed bugs within existing codebases; quickly got up to speed with git workflows including rebasing and code review.
- Contributed to project proposals for the public sector.

Bpart — Full-stack developer (intern) 2025

- Contributed to Bpart's online participation platform.
- Developing new features and fixing bugs in Ruby on Rails.
- Gained insight into professional software development and DevOps principles.

Student Warehouse Worker — Retail Partners Colruyt Group, Mechelen

2021 - 2025

- Carried out logistics tasks independently and accurately (order picking, packaging).

EDUCATION

UCLL Leuven — Bachelor of Applied Computer Science

2021 - 2025

- Projects: chatbot, blog management system, automatic plant watering system.
- Hands-on experience with full-stack development and group projects.
- Internship at Bpart focused on web development in Ruby on Rails.

Ursulinen Mechelen — Accounting-IT

2015 - 2021

- Broad foundation in IT and economics, which reinforced the transition to Applied Computer Science.

INTERESTS AND HOBBIES
